

Appln. No. 09/931,336
 Amendment dated 9/2/2003
 Reply to Office Action mailed 4/1/2003

Amendments to the Specification:

Please replace the paragraph beginning on page 8, line 18, with the following rewritten paragraph (deleted text being struck through and added text being underlined):

B1 The label structure 20 may be removably applied to and carried on the liner 12 as a means of storing the label structure prior to application of the label structure to a surface, such as, for example, of a container. The label structure generally has a first axis 22 or extent that extends substantially parallel to the longitudinal extent of the liner, and also the side edges 16, 17 of the liner. The label structure 20 has a first side 24 and a second side 26 that may extend substantially parallel to the first axis 22.
